In the Lithuanian championship, groups are formed if there are 2 or more participants. If there is only one participant in the group, he becomes the winner of the championship, but not the champion. The Lithuanian champion is the Lithuanian who takes the highest place.

Teams are formed from three archers of the same class, bow type and the same club. Participants of the competition must wear sportswear or club uniform and sports shoes. It is forbidden to consume alcoholic beverages, to be intoxicated or under the influence of drugs.

Competition participants are responsible for their own meals, health and accident insurance. Competition issues are resolved in accordance with WA rules. The final decision is made by the shooting instructor, chief referee, organizer representative and LLF representative together.
